Description

With the increasing trend to personalize and brand interior environments along with the rebound of the global construction market, now is an optimal time to focus on wall graphic application selling with a focused Digital Wallcovering Solutions Portfolio offering. And even better, 3M has something new to offer – 5 textured Décor Overlaminates! These embossed overlaminates enhance and add depth to graphics. Once again, 3M broadens the creative options for customers and still delivers the

protection they need for long-lasting graphics.

Primary Features, Advantages and Benefits

The new 3M[™] Décor Overlaminate 8600 Series will provide more design options by adding texture to graphic films applied to smooth, interior walls.

- Texture adds depth to the look and feel of graphics
- Adds dimensional stability for easier installation and may mask wall imperfections
- Cast vinyl film will not shrink over time
- Protective overlaminate guards against scuffs and is cleanable
- Designs are printed on a base film a flat surface for superior image quality
- Eligible component for 3M[™] MCS[™] Warranty for finished graphics applied to smooth, indoor walls using certain approved finished graphics constructions

5 Textures Available:

- 8600M-101 Classic Linen Effortlessly fresh, with a crisp, uniform pattern.
- 8600M-102 Knit Mimics fabric, making any space more comforting.
- 8600M-201 White Fir A deep woodgrain texture for a stylish finish.
- 8600M-301 Riverbed Versatile stone texture with calming appeal.
- 8600M-401 Plaster A subtle leather texture to add sophistication.
